

**שימוש ב-renderers**

תמונות משתמשים

<https://moodle.org/mod/forum/discuss.php?d=208871>

קובץ renderers.php ב-theme (תודה להערה - צריך בהתאמה גם לערוך את config.php ב-theme)

```
protected function render_user_picture(user_picture $userpicture) {
    global $CFG, $DB;

    $user = $userpicture->user;
    ...
    $src = $userpicture->get_url($this->page, $this);
```

דוגמאות נוספות:

רשימת קורסים של המשתמש בעץ קטגוריות (כולל patch כדי שלא תהיה שאילתא מפחידה)

```
case FRONTPAGECATEGORYCOMBO:
    echo html_writer::tag('a', get_string('skipa', 'access',
moodle_strtolower(get_string('courses'))), array('href'=>'#skipcourses', 'class'=>'skip-block'));
    echo $OUTPUT->heading(get_string('courses'), 2, 'headingblock header');
    $renderer = $PAGE->get_renderer('core','course');
    // if there are too many courses, building course category tree could be slow,
    // users should go to course index page to see the whole list.
    $coursecount = $DB->count_records('course');
    if (empty($CFG->numcoursesincombo)) {
        // if $CFG->numcoursesincombo hasn't been set, use default value 500
        $CFG->numcoursesincombo = 500;
    }
    if ($coursecount > $CFG->numcoursesincombo) {
        $link = new moodle_url('/course/');
        echo $OUTPUT->notification(get_string('maxnumcoursesincombo', 'moodle',
array('link'=>$link->out(), 'maxnumofcourses'=>$CFG->numcoursesincombo,
'numberofcourses'=>$coursecount)));
    } else {
        /*<fixing large query by Mish and Yedidia 2013Apr22
```

```
//echo $renderer->course_category_tree(get_course_category_tree());*/  
echo $renderer->course_category_tree(array());  
// >
```

course format העלמת ה-sections והכנסת טבלה למרכז התצוגה של הקורס

## **Moodle 2.5**

Assignment Improvement

▼ **Submission settings**

Require students click submit button  ▼

Require that students accept the submission statement  ▼

Attempts reopened  ▼

Maximum attempts  ▼

The screenshot shows the 'Submission settings' section of a Moodle assignment configuration page. It contains four settings, each with a question mark icon for help. The first two settings, 'Require students click submit button' and 'Require that students accept the submission statement', are set to 'No'. The last two settings, 'Attempts reopened' and 'Maximum attempts', are highlighted with a yellow background and are set to 'Automatically until pass' and 'Unlimited' respectively.
